DUNDAR TEXTILE

ORME SANAYI TIC. LTD. STI.

WHO ARE WE?

Dundar Textile has been founded by Murat Dundar in 1997 in Merter/Istanbul. In 2002, the company has moved to its facility in Yenibosna/Istanbul.

Dundar Textile has been specialized at knitting manufacturing by its meticulous and detailed business and by the knowledge and experience build-up over years and has become a company, which is presenting collection and manufacturing services to its customers, who are searching for the same features, in its showroom.

Dundar Textile has been selling raw and dyed fabrics in domestic and international markets by its expert staff.

ALWAYS INNOVATIVE

Every passing year, Dundar Textile has integrated itself into innovation by pursuing technological developments with its innovative, youthful and dynamic structure.

Every passing year, Dundar Textile has integrated itself into innovation by pursuing technological developments with its innovative, youthful and dynamic structure.

ALWAYS FORWARD

Dundar Textile has aimed to deliver you the quality that you are looking for in the fastest way in the direction of the needs and expectations of the 21st century.

In contrary to the fixed production concept, we have a customer-oriented production concept that delivers you the best products in the direction of the requirements of our domestic and international customers. This principle, which has become a deep-rooted identity of Dundar Textile, also has become its signature in the market.

WIDE PRODUCTION **SCALA**

Dundar Textile has extended its daily capacity to 12 tonnes by developing its machinery and by its high-quality consciousness.

Fabric styles;

- Coarse,
- Fine single jerseys,
- Single jerseys with jacquard,
- Rib knitting,
- 2 yarns,
- 3 yarns,
- Lacoste,
- Waffle,
- Cardigan,
- Camis,
- Punto di roma

are being woven carefully.

Single Jersey

Knitted fabric term is only used for plain (RL) knitted fabrics woven in circular knitting machinery with cotton or mixed yarns weighted cotton. ... Heavy single jersey fabric is obtained by delivering two same sized yarns to the bobbin case.

Three Yarn

Knitted Fabrics are different from two yarn fabrics and are produced by adding a third yarn (binding yarn) in addition to the ground yarn and lining yarn. ... These fabrics are knitted fabrics that have a heavier structure.

Ribana/Jacquard Fabric

Ribana fabrics are double layered knitting fabrics that are obtained by placing the cylinder and cover needles transversely to each other.

Jacquard fabrics are fabrics that are formed by patterns obtained by weaving yarns on a specific loom or machine. It's made of materials such as cotton, linen and silk.

OUR TEAM

Dundar Textile

OUR PRODUCTION TEAM

As Dundar Textile, we have carried on our success by finding ways of succeeding together and innovatively solving problems by our team-work culture based on years. We have made a full-compatible team by knowing no company or institution can be successful without a team-work during today's rapidly evolving environment.
